

TEAM ENTRIES
TERMS AND CONDITIONS

These notes have been prepared to clarify the terms on which you enter official competitions.

Before competing in any event either a Points competition or a Qualifier you must be a fully paid up member of NORC in the current year. It is a condition by British Riding Clubs that you are a paid up member by the closing date of the preliminary entry fees of the competition you wish to enter. This date will be three weeks prior to the competition you wish to enter.

The Club has to pay British Riding Clubs preliminary entry fees to obtain any qualifying entries. These fees have to be paid at the latest three weeks prior to the actual competition. These preliminary entry fees are in addition to the actual competition entry fees. NORC will pay the provisional entry fees for both Teams and Individuals to British Ridings Clubs for all qualifying competitions.

Each Team Member or Individual must have paid the full competition entry fees by the events closing date. In the absence of the entry fee being paid NO ENTRY for that person will be made.

Any Teams or Individuals who qualify for the National Championship in any discipline will have the Championship entry fees paid by the Club.
