Camping Capers

(feedback from NORC campers)

Had an absolutely wonderful time with you all at camp, was great to meet new people and see everyone loving being with their horses.

Was a real giggle.

Thank you Sue, Vicky, Bronners, Jethro, lovely Ian and all you wonderful people at NORC for making a very special weekend.

You helped me deal with a few riding demons and everyone looked like they were achieving loads.

Love from Marissa and a very tired Boblet.

Hi Sue,

My little report about our fabulous weekend.

The weather was very kind and the rain held off, the Grand Prix got it! Busy elsewhere - we had no idea that Andy Murray was winning Wimbledon!

Our old favourites (Alex, Sarah, Clare and Jethro) were a great all round mixture of fun training. They welcomed Victoria, our new Trainer, who gave a new perspective on how to handle situations that I would not have previously attempted!

I didn't think the food could get any better . . . but it did!!!

The newbies fitted in great and added to the fun and enjoyment and I'm looking forward to reading their feedback and experiences.

A great contribution from Emma (Billy) Jemima Beechcroft who kept the lively bunch of 15 happy campers sane and inspires us to enjoy ourselves.

ALW tell us their new domestic arrangements next year will be upgraded and will be on a par with the fantastic riding facilities when I hope to see you all in 2017

Cheers,

Bronners

We did not know what to expect and all 3 of us were a little apprehensive, however within 30 minutes of arrival the horses were settled and we were busy settling in ourselves.

The weekend was a cocktail of laughter, great company and amazing trainers all set in a stunning location that catered for every discipline and level.

We all came away having made new friends, inspired, full of confidence and felling that our mindsets have been completely rebooted with a 'can do' attitude.

We can't begin to list all of what we have learnt, overcome, discovered or experienced.

An amazing weekend with wonderful, fun loving, like minded equestrians.

We all woke this morning wishing we were still there and cannot wait to go on the next camp.

With huge thanks to all at NORC who made this weekend so fabulous.
